**Re: Abandonment and Discontinuance of a Portion of the Lockport Branch in
Lafourche Parish, LA – STB Docket Nos. AB-318 (Sub-No. 7X) and AB-33
(Sub-No. 277X)**

Dear Ms. Brown:

Attached hereto are two (2) letters the Union Pacific Railroad Company ("UP") received in response to the filing of the Combined Environmental Historic Report in the above-referenced abandonment. The first letter is a response dated October 25, 2011 by the acting supervisor of the Louisiana Field Office of the U.S. Fish and Wildlife Service. The letter indicates that the abandonment project has been reviewed for effects to Federal trust resources under the jurisdiction of the U.S. Fish and Wildlife Service and that the determination was made that the project will have no effect on those resources.

The second letter dated October 12, 2011 from the State of Louisiana's Department of Natural Resources, Office of Coastal Management states that it has been determined that the abandonment falls outside the Coastal Zone and has no significant effects on the Coastal Zone. Therefore, the project requires no formal consistency review and the Department has no objection to the project.

Sincerely,

Mack H. Shumate, Jr.

To whom it may concern:

On or after October 25, 2011, Union Pacific Railroad Company ("UP") and Louisiana Delta Railroad, Inc. Attached is a Combined Environmental and Historic Report ("EHR") which describes the proposed action and any expected environmental and historic effects, as well as a map of the affected area.

Because it has been over two (2) years since the original EHR was served on you on April 7, 2009, UP and LDRR are again providing this report so that you may review the information that will form the basis for the STB's independent environmental analysis of this proceeding. If any of the information is misleading or incorrect, if you believe that pertinent information is missing, or if you have any questions about the Board's environmental review process, please contact the Section of Environmental Analysis (SEA) at the following address, and refer to the above-referenced Docket Number:
